Important: Each SPC Connect user should have their own SPC Connect account and unique password: do not share accounts or passwords with family members or colleagues. Ensure that your SPC Connect password is secure: do not divulge it to anyone. Use a secure email address when registering with SPC Connect: your email account can be used to reset/change your SPC Connect password. If your phone is lost or stolen, log on to www.spcconnect.com and change your account password immediately. Enable the password protection feature in the SPC Connect app (under **Settings > Security**). Enable your mobile device's main password protection feature to ensure higher security protection.
